# Kokoro

## Sofa

Modularità, libertà e accoglienza ispirano Kokoro, il sistema di divani, divisori e tavoli disegnato da Federica Biasi, che si compone a piacimento delineando nuove spazialità all'interno di ambienti più ampi, passando da una logica coworking a una dimensione co-living.

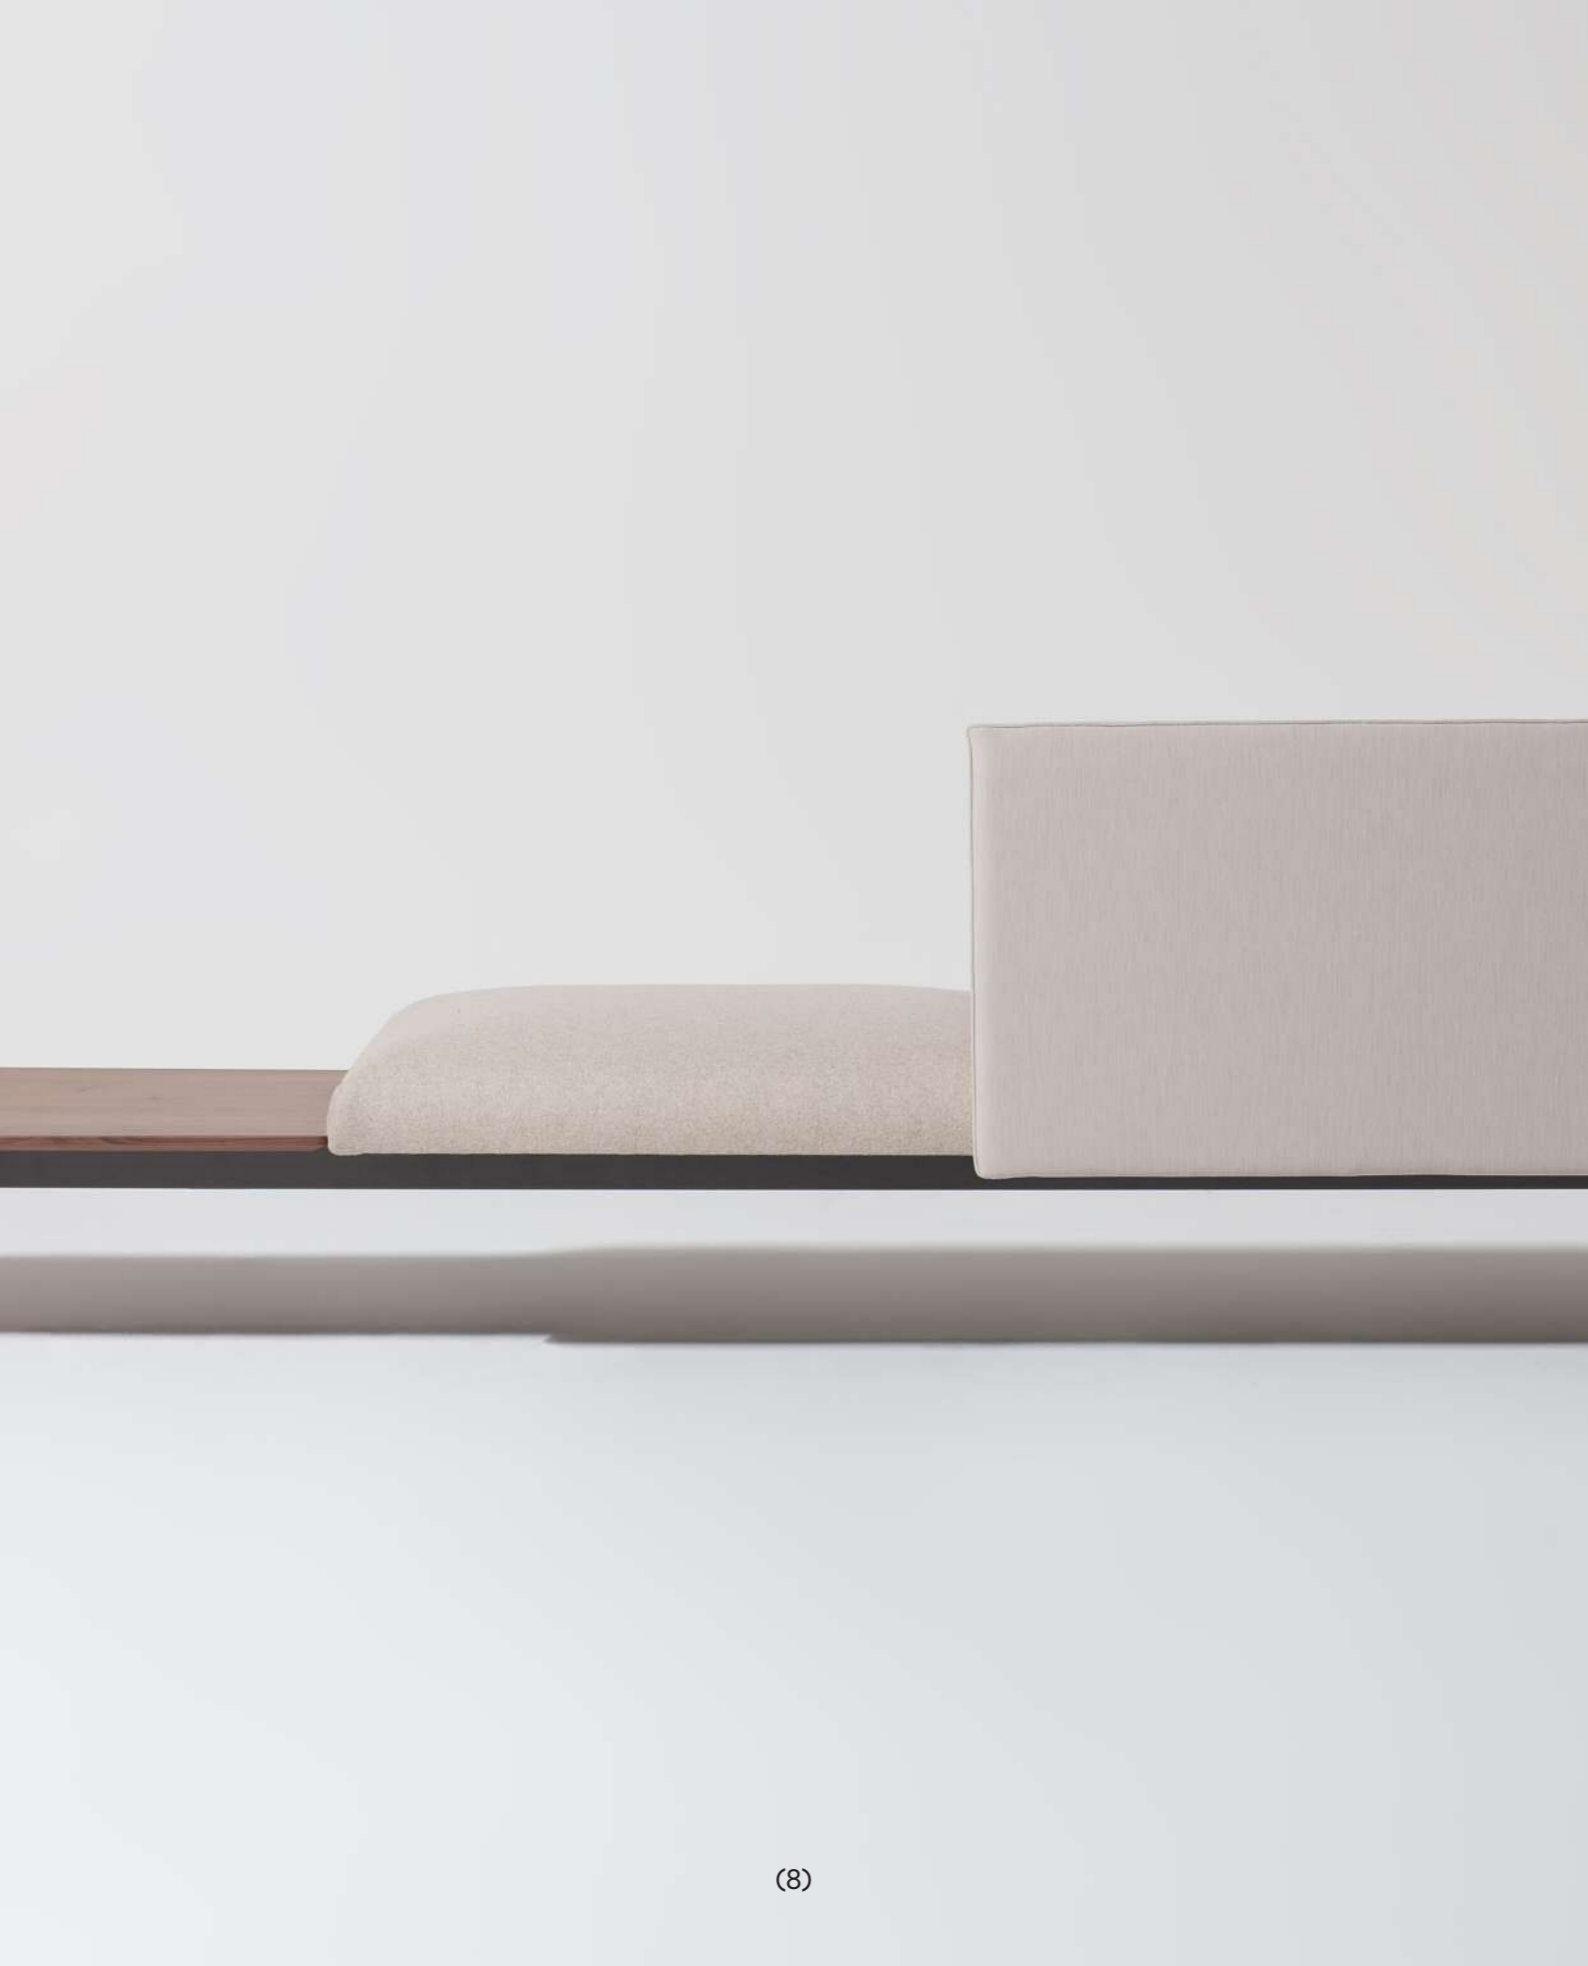

*Modularity, freedom and welcome are the inspiring basics of Kokoro, the system of sofas, dividing partitions and tables designed by Federica Biasi. It is composed at will creating new spaces within wider environments, shifting from a co-working logic to a co-living dimension.*

# Amis

**Amis è più di un semplice tavolo, è un sistema flessibile e personalizzabile adatto a rispondere alle diverse esigenze lavorative contemporanee. Grazie a materiali caldi e materici, Amis si inserisce perfettamente nel contesto attuale in cui gli spazi di lavoro tendono ad essere più confortevoli.**

*Amis is more than just a table, it is a flexible and customizable system suitable to respond to different contemporary working needs. Thanks to its warm and textured materials, Amis fits perfectly into the current context in which workspaces tend to be more comfortable.*

(32)

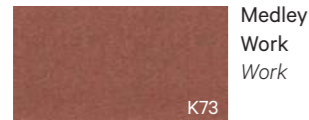

Linee archetipiche per le gambe, che ricordano i classici cavalletti, mentre il piano, anch'esso in essenza di legno o laminato, ospita nella fessura che lo attraversa longitudinalmente diversi accessori quali pannelli divisori, prese o elementi di illuminazione.

*Archetypical lines for the legs, reminder of classic trestles, while the top, also made of wood veneer or laminate, is ready to house various accessories such as dividing panels, sockets or lighting elements in the slot that runs through it longitudinally.*

# Easy Chair

Easy chair è una sedia “facile” e flessibile, nata per adeguarsi alle esigenze di spazi in continua trasformazione, come ristoranti, sale meeting, sale conferenze e molto altro. La seduta imbottita è confortevole ed elegante, con uno schienale avvolgente, in multistrato curvato o imbottito come la seduta.

*Easy chair is a chair that is “easy” and flexible, conceived to be adaptable to the needs of ever changing spaces, such as restaurants, meeting and conference rooms and much more. The upholstered chair is comfortable and elegant, with an embracing backrest, in plywood curved or upholstered as the seat.*

# Hinoki

**Hinoki è un pannello multi-funzionale. Una linea di paraventi e screen divisori modulari, autoportanti se posizionati a terra o agganciati a strutture se applicati a un piano di lavoro, per separare senza dividere.**

*Hinoki is a multifunctional panel. It is a series of screens and modular dividing partitions, which are self-supporting if they are on the ground or hooked to structures if they are applied to a desktop in order to separate without dividing.*

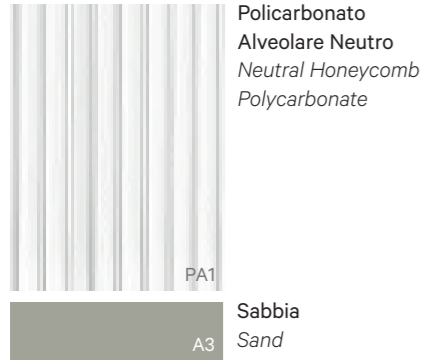

Hinoki nasce come pannello in polycarbonato alveolare incastonato su una struttura in metallo a sezione piatta autoportante. Il pannello è declinato anche in altri materiali come il plexiglass, sughero e lavagna magnetica, legno e con possibilità di essere rivestito con tessuto dalle proprietà fonoassorbenti.

*Hinoki is a polycarbonate honeycomb panel which is set in a metal structure with a flat freestanding section. Hinoki will be made also in other materials such as plexiglass, cork, magnetic board, wood and with the possibility to be upholstered with fabric with sound-absorbing features.*

## Seduta

Cuscino seduta (sp. min 90 mm / max 150 mm) con supporto in legno multistrato di betulla sp. 25 mm. Imbottitura in poliuretano espanso.

## Schienale imbottito

Cuscino schienale con supporto in pannello in legno MDF sp. 10 mm, imbottitura con elemento fresato in poliuretano espanso.

## Schienale rigido

Schienale posteriore rigido costituito da pannello in legno multistrato spessore 18 mm e accoppiato di poliuretano ignifugo.

## Telaio

Basamento formato da 4 piedi in tubolare metallico a sezione ovale 40x20 mm e travi longitudinali a sezione rettangolare 60x30 mm.

## Seat

Seat cushion (min thick. 90 mm / max thick. 150 mm) with birch plywood support 25 mm thick. Padding made with polyurethane foam.

## Upholstered backrest

Backrest cushion with MDF wooden panel support 10 mm thick, padding with milled element in polyurethane foam.

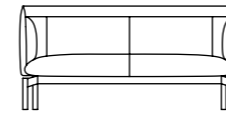

## Rigid backrest

Back rigid backrest consisting of a panel in plywood 18 mm thick and a combination of fire retardant polyurethane.

## Frame

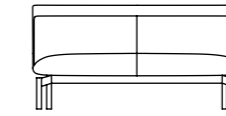

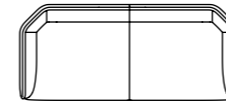

Base consisting of 4 feet in tubular metal with oval section 40x20 mm and longitudinal beams with rectangular section 60x30 mm.
